2 LOCAL JAYCEE DELEGATES TELL OF CONVENTION

Two local representatives to the 34th annual national Jaycee convention at Colorado Springs, June 14-18, recounted their experiences Thursday evening at an outing and business session held by the Junior Chamber at the former CCC camp on W. Confederate Ave.

The two delegates, Donald H. Becker, president, and Magnus Flaus Jr., treasurer, reported that nearly 8,000 Jaycees from 48 states and Alaska, attended the five-day assembly in "cool, colorful, costly" Colorado Springs. Enroute to the convention site the two local men and their wives joined the Pennsylvania Jaycee Caravan, a fleet of 30 cars.

They reported the Junior Chamber adopted a resolution stating "the Jaycees are not opposed to congressional investigations but that the government should be one of laws and not of men." The national Jaycees, in a week devoted to forums, clinics, meetings and social gatherings, also approved a motion to erect a "White House" at Tulsa, Okla., Junior Chambers headquarters. Four Honest Kids Praised By Police

Police today praised the honesty of four Gettysburg teen-agers whose quick action prevented the loss of a coin box containing a considerable amount of change from the mechanical horse in front of the Rea and Derick Store.

The boys, Charles Small, Billy Little, Robert Howe and Charles Briedendolph, found the coin box to the horse half-open after store hours Thursday evening.

They summoned a borough police officer and the box and money—approximately \$30—was taken to the Engine House. This morning Morris Steinhour, Rea and Derick merchandise manager, retrieved the coin box.

"These days we can't give kids like that half enough credit for what they did," the officer in charge commented.

China Seizes Russian Ship; May Confiscate Cargo, Vessel

By SPENCER MOOSA
Taipei, Formosa (AP)—Nationalist China announced tonight that one of its warships seized the Russian tanker Tuapse Wednesday off Formosa and indicated the vessel and its cargo might be confiscated.

The 8,440-ton Danish-built tanker is being held at the South Formosa port of Kaohsiung, the announcement said.

Word that the Tuapse was in Nationalist hands came hours after the Soviet Union, in a stiff note made public in Moscow earlier today, accused the United States of seizing the tanker.

The Soviet note said the Tuapse was seized in waters between Formosa and the Philippines "by a warship of the destroyer type" which threatened to open fire.

The note threatened "appropriate measures for safeguarding the security of Soviet merchant ships sailing in that area."

In announcing that the tanker was in custody the Nationalists said tersely that the matter was

Another series of classes will begin Monday morning at the Battlefield Swimming pool where classes will be conducted five days a week from 9 a.m. to noon. The final two-week series of classes will begin July 12.

The classes that completed their training this morning at the Gettysburg Country Club pool and at Crouse's pool at Littlestown were the only ones to be conducted at those pools this summer.

19 Advanced Swimmers

The class for junior and senior swimmers and life saving at the country club pool included 19 persons. There were 61 in the beginning and intermediate classes at the Battlefield pool and the three-hour daily sessions at Crouse's pool trained a total of 115 boys and girls.

The instructors at the Battlefield pool for the next two weeks will be Misses Beetsy Blocher, Suzanne Ziegler, Janice Lupp and Sara Scott with Jane Warren and Dolores Burgner as assistant. The heavy enrollment brought the plan for training sessions starting at 9 a.m. instead of 10 o'clock.

Those who completed the training at the Country Club pool include: Louise Collins, Ellen Rice, Janet Johnson, Eleanor Jacobs, Paula Kargas, Connie Riley, Joan Stoner, Lois Smick, Frank Skidmore, Sally Smith, Philip Scott, Gordon Richardson, Philip Smith, David Stoner, Robert Cordy, Sidney Steinour, Elaine Harvey, James Reaver and Stephen Gettler.

Names of the children completing the training periods at the other pools are to be announced. The list of those qualifying for Red Cross certificates will be released later.

Gettysburg Is Featured In Page Of Pictures By The AP

Next week a Gettysburg picture roundup will be featured news in papers throughout the United States, as editors everywhere memorialize the 91st anniversary of the battle of Gettysburg in the Associated Press' Picture how. It is secured to more than 2,300 daily newspapers.

During May photographer Paul Vathis toured the battlefield making "shots" of striking scenes for distribution to the nation's press on Independence Day. Two Gettysburg College students, senior William F. Forbes, psychology major from Conyngham who was graduated in June, and junior psych major C. Courtney Lenhard, Drexel Hill, last year's May queen, "played tourist" for Vathis to give the pictures the stamp of naturalness.

Top shot of the AP show is a six column picture from the summit of Little Round Top. Others show General Lee's monument at the site

of Pickett's charge, a hideout at Devil's Den, the Lee Museum, Meade's headquarters, the National monument marking the spot where Lincoln delivered his Gettysburg Address, a view from Seminary Ridge, and various "shots" of Forbes and Miss Lenhard at other spots on the battlefield.

With the pictures goes a text reminding Americans all over the land that "at Gettysburg the Confederate smothered began as solid lines of blue smothered Pickett's charge, one of the most daring and magnificent attacks in history, and turned the proud forces of the Confederacy back towards Appomattox. A short and bloody battle, Gettysburg cost the South 28,000 casualties and the North 23,000 in four days. Today the battlefield at Gettysburg is a national park whose 16,000 acres contain more than 2,000 monuments."

Hospital Auxiliary Will Meet Monday

The June meeting of the Women's Auxiliary of the Annie M. Warner hospital will be held Monday afternoon at 2:30 o'clock in the board room of the hospital. This will be the final meeting until September and plans for the fall will be discussed.

300 PERSONS ATTEND DINNER

Approximately 300 members of the Gettysburg Shoe Factory Social Club and their guests "had the time of their lives" Thursday night at the annual spring dinner in the American Legion home.

A dinner served at 7:30 o'clock was followed by a few speeches, music and entertainment. A Harrisburg orchestra serenaded the diners who later danced until 11 o'clock. Brief speeches were given by chairman Ignatius Angelo, plant superintendent; President Gilmore of the Social Club; Treasurer McLaughlin, and Frederick Woods, foreman in the letter room.

Some spontaneous "hi-jinks" contributed to the evening's fun as club members entertained with their own "acts." Hit of the show was Roger Myers, former social club president, with a group of hill-billy numbers.

In addition to Mr. and Mrs. Bruno Roed, the president of the Gettysburg Shoe Factory and his wife, Sigmund Spiegel, a partner in the firm from New York, were present. Eighteen members of the Dillsburg plant also attended.

This was the first social affair since the company moved to Gettysburg.

A/C Charles R. Shealer, Gettysburg, serving with the 1922-2 airways and air communication detachment, Craig AFB, Selma, Ala., was recently cited for "displaying outstanding skill and superior knowledge" in preventing a possible jet disaster. Shealer, grandson of Mrs. Grace Shealer and the nephew of Mr. and Mrs. Wilmer Dracha, E. Middle St., with whom he lives, enlisted in the Air Force in 1952. After basic training at Sampson AFB, he received training as an air traffic control specialist and was assigned to Craig AFB.

AUTO UPSETS; TWO INJURED

Two Baltimore men were injured Thursday afternoon when their car ran off the road and rolled over when the driver swerved to avoid a pedestrian crossing the highway on Route 16, a mile east of Blue Ridge Summit. Damage to the car was estimated at \$1,000.

Gordon L. Kennard Sr., 28, Baltimore, suffered three fractured ribs and Thomas Fahey, also of Baltimore, an occupant of the Kennard car, received a fracture of a bone in the left shoulder. Both were treated by Dr. Henry Youngs Jr., Blue Ridge Summit. They were taken to the doctors office by Stanley Gearhart, of Blue Ridge Summit.

State Police from Gettysburg investigated and said John Stem, 56, Fairfield R. 1, had stopped his car along the south side of the road, walked around back of it, started across the road and then stopped.

Kennard ran his car off the north side of the road and up a bank where the sedan turned over. It made one complete revolution coming to rest on its wheels.

The spray letter was issued in consultation with J. C. Pepper and R. S. Kirby, extension specialists from Pennsylvania State University.

REPORTS FROM GUATEMALA ARE FAR APART ON WAR'S PROGRESS

By SAM SUMMERLIN

TEGUCIGALPA, Honduras (P) — The Guatemalan rebel command said last night its forces were massed for a full-scale attack on Chiquimula and that "bloody" fighting already raged there. But government military leaders, boasting advances on "all fronts," vowed to bring the invasion to a speedy end.

A communique from the invasion headquarters of Guatemalan exile leader Col. Carlos Castillo Armas said a major battle was shaping up at Chiquimula, less than 70 miles northeast of the Guatemalan capital.

The announcement said that as the rebels pressed in to attack, the government hastily reinforced the Chiquimula garrison with artillery, mortars and machineguns. The communique said the garrison commander had deserted to the rebels.

Claim 16 Towns

Castillo Armas claimed his rebel forces now hold 16 Guatemalan towns, seized since the invaders moved in from the Honduran border last Friday in a bid to unseat President Jacobo Arbenz Guzman's Communist-supported regime.

On the diplomatic front, the strained relations between Guatemala and neighboring Honduras appeared near the breaking point.

Informed sources said the Honduran government was about to demand the expulsion of Guatemalan Ambassador Amadeo Chinchilla on grounds he sparked Wednesday's leftist student demonstration in Tegucigalpa. Seven persons were wounded when police opened fire.

May Send Committee

Tension reached the crucial stage when Guatemala accused Honduras of aiding the rebellion being waged by Guatemalans who had been in exile in Honduras. The Hondurans denied the charge and counter-claimed that Guatemalan planes had bombed their soil.

Guatemala's demand that Honduras and neighboring Nicaragua obey a U.N. Security Council resolution against helping either side in the war was before the council today.

The five-nation Inter-American Peace Committee announced in Washington that if Guatemala is willing, it will send down a fact-finding committee to check on her charges against Honduras and Nicaragua. Early today Guatemala had not replied, but members of the committee expressed confidence she would agree.

Both sides in the war continued to issue conflicting military claims at frequent intervals.

PROBE CHARGE OF AID TO REBELS IN GUATEMALA

By FRANCIS W. CARPENTER

UNITED NATIONS, N.Y. (P) — The U.N. Security Council turned back to the Guatemalan War today, taking up an urgent charge from the Central American Republic that neighboring Honduras and Nicaragua still are helping the rebels fighting President Jacobo Arbenz Guzman's Communist-backed government.

U.S. Delegate Henry Cabot Lodge Jr., the council president, called the 11-nation group to meet this afternoon after the council's Latin-American members, Brazil and Colombia, acceded to the Guatemalan appeal and asked for a session.

Beat Red Demand

Diplomatic sources said they got their request to Lodge just a few minutes before the Soviet Union formally demanded a meeting.

The Russians first came to the aid of the Guatemalan government last Sunday, when Soviet Delegate Semyer K. Tsarapkin vetoed a Brazilian resolution to shunt the Guatemalan case to the Organization of American States.

The Inter-American Organization's five-nation Peace Committee announced in Washington last night that, if Guatemala agrees, it will send a fact-finding committee to check on the charges against Nicaragua and Honduras.

SHOULD BE LAW FOR EMERGENCY ON COMMITTEES

By G. MILTON KELLY

WASHINGTON (P)—Sen. Mundt (R-SD) said today the law should be changed to let any Senate committee "take care of a recalcitrant chairman," or to act when one is ailing or absent.

A similar view was voiced by Sen. Dworshak (R-Idaho). In separate interviews they emphasized their remarks were not aimed at Sen. McCarthy (R-Wis.), chairman of the Government Operations Committee and its Permanent Investigations subcommittee.

Mundt, a friend of McCarthy, is the man who presided at the recent McCarthy-Army hearings by the subcommittee. Dworshak, a Government Operations Committee member, served temporarily on the subcommittee in McCarthy's place for those hearings.

"Big Blind Spot"

Mundt said the government reorganization law has "a big blind spot" in that it provides no machinery by which members of any Senate committee can call themselves into an official meeting without their chairman's consent, or compel the chairman to call a meeting.

Mundt said he has been made acutely aware of this by problems which arose before and since the McCarthy-Army hearings.

In his hands now is a sealed reply from the Pentagon to his request for a report on whether two members of the investigations subcommittee staff have been refused clearance by the Defense Department to examine secret documents.

Names Not Revealed

In closing hours of the hearings on McCarthy's row with high Army officials, the Defense Department submitted a report showing, Mundt said, "no clearance" for two investigations subcommittee staff aides.

Mundt then asked the Pentagon to be more specific—to say whether this means the two are denied clearance as security risks or whether it merely means that the Defense Department in more than a year has not got around to making a ruling on the two men's applications.

The two employees' names have not been made public officially. Mundt received the Pentagon's reply last night as chairman of the McCarthy-Army hearings subcommittee. He said he looked it in his safe unread, until the hearings group can meet, probably Monday.

In McCarthy's absence on a vacation at some undisclosed spot, Mundt said he has no authority to call a meeting of the regular investigations subcommittee—the real boss of the two men—unless McCarthy gives it to him.

FLOOD CREST DROPS IN IOWA

DES MOINES (P)—The Des Moines River record flood crest slowly receded today and weary levee workers were cheered by the news that the end of their long battle against the stream was in sight.

Engineers who directed the three-day fight to hold the unruly river out of major residential and business areas were confident the dikes would hold.

But a crew of men and machines toiled through the night reinforcing permanent levees and constructing new temporary dikes near the junction of the Des Moines and Raccoon rivers in southeast Des Moines.

This, officials said, was to forestall any possible breakthrough when the minor crests moving down the Raccoon reaches Des Moines. No major flooding was expected from the Raccoon, however.

Churchill And Eden Face US Doubt That Conferences Will Improve "Family Rifts"

By JOHN M. HIGHTOWER
WASHINGTON (AP)—Prime Minister Churchill met with President Eisenhower today to see whether they can wipe out in intimate talks any "misunderstanding," as Churchill put it, between the two major powers of the anti-Communist world.

Portentous decisions, particularly on the Far East, hang in the balance on the weekend conferences between the President and his White House guest.

Churchill appeared to be in buoyant spirits on his arrival by plane, and seemingly sought to deprecate the rift between American and British policies. He spoke of the difficulties as "family matters" and suggested that whatever troubles the United States and Britain may have, those in the Communist world are "even greater."

Little American Confidence
On the American side, there was an absence of any public expression of confidence and hope about the talks such as, more often than not, is contained in welcoming statements on such occasions.

Diplomats here, in fact, hold a great doubt that anything to improve the situation actually can come out of the talks.

Eisenhower greeted Churchill with a warm handshake at the White House steps. The British leader had been escorted there by Vice President Nixon and Secretary of State Dulles who met him and his party at the airport.

No Public Statements
There were no public statements from Nixon, and Dulles on Churchill's arrival but the British leader spoke to an airport crowd on his aims for the talks.

He put it this way:
"I've come with Anthony Eden to talk over a few family matters and try to make sure that there are no misunderstandings."

Churchill, in gray suit and Hornburg and carrying a gold-headed

cane, stepped down from the big American-built British Overseas Airways plane promptly at 9 a.m. Foreign Minister Eden was with him.

For a 79-year-old veteran of several wars and many historic diplomatic conferences, Churchill moved with remarkable sprightliness.

As the crowd gathered at the airport cheered, Churchill lifted his hat and waved. The morning sunlight brightened his pink-faced smile.

The military guard drawn up in an open square around the edges of the parking apron stood at present arms.

Churchill shook hands with Nixon and Dulles, British Ambassador Sir Roger Makin and other British Commonwealth envoys here.

Speaks To Crowd
Then, after a moment's conference with his American hosts, Churchill marched stoutly to a waiting battery of microphones and said:

"I have had a very comfortable journey from my fatherland to my mother's land. His mother was an American."

"I've come with Anthony Eden to talk over a few family matters and try to make sure that there are no misunderstandings."

"The English-speaking family or brotherhood is rather a large one and not entirely without a few things here and there. (sic)."

"And if we work together we may get along all right ourselves and do a lot to help our neighbors in the world, some of whom on either side of the Iron Curtain seem to have even greater problems than ourselves."

When he finished speaking Churchill turned to Secretary Dulles whom he has known for a long time and asked in his famous Churchillian growl "was that all right?" Dulles grinned and warmly shook his hand.

Eden made no statement. Expected public welcoming comments by Nixon and Dulles also went undelivered. Nine minutes after he set foot on American soil, Churchill climbed into an open convertible with Nixon and they drove to the White House. Eden and Dulles followed in a second car.

POLIO CASES ARE HIGHER THAN IN 1953

HARRISBURG (AP)—The number of infantile paralysis cases in Pennsylvania so far this year is running ahead of last year with none reported as yet among the second grade children who received the Salk polio vaccine.

Dr. Russell E. Teague, state health secretary, said it was "much too soon" to determine the effectiveness of the vaccine given in three stages to more than 4,600 children in the state.

"The incidence of polio in Pennsylvania is usually at its highest in late August and early September," he told a newsman. "It will be two or three months before we can appraise the Salk vaccine."

The department reported 64 cases of poliomyelitis so far this year. Only one, involving a child of pre-school age in McKean County, has been reported in the four counties where the vaccine tests were held. The counties include McKean, Centre, Mercer and Clinton.

More Than 1,500
In the same period last year, there were 44 cases reported. The 1953 total was more than 1,500 cases compared to a high in recent years of 1,942 in 1952.

Counties reporting more than an isolated case so far this year are Allegheny and Erie, 8 each; Lancaster, 6; Philadelphia, 5, and Lycoming, 3.

Dr. James D. Purvis, department epidemiologist, said the commonwealth also has on hand 70,000 cubic centimeters of gamma globulin for use to reduce the effects of polio.

NEW UNEMPLOYMENT

HARRISBURG (AP)—The State Bureau of Employment Security has noted a decline in the number of new unemployment claims for the week ending June 18.

New claims for the week totaled 33,500, a drop of 300 below the previous week.

At the same time the board said continued claims fell off about four per cent to a total of 244,300, compared to the previous week's 255,400.

"SECOND LOVE"

Many are the different people . . . who through fate have twice been wed . . . whether by a sad bereavement . . . or a love that was misled . . . but no matter what the case was . . . I maintain and always will . . . that with very few exceptions . . . the first love was the thrill . . . I don't mean another marriage . . . can't be wonderful and real . . . only that it is a second . . . made to comfort and to heal . . . some may slide with my opinion . . . others will not go along . . . but if we will weigh the subject . . . you will find I am not wrong . . . older folks are just like children . . . they are very hard to please . . . so it is a second love life . . . is a love meant to appease . . . though it's true, still you are lucky . . . if you quench a loving thirst . . . for though second love is tempered . . . sometimes it outdoes the first.

MURDER HOAX SEARCH OPENS NINE GRAVES

EL CENTRO, Calif. (AP)—Since the waitress he confessed killing was found alive and well in Los Angeles, Marvin C. Boyd, 29, a truck driver of Lebanon, Pa., was held in jail today on bad check charges. Police said an attempt would be made to file a felony charge of giving false information to officers.

Boyd was confronted last night with Mrs. Shirley Fields, 28, whose body he said he had buried near Mexico, on the California-Mexico border. He had accompanied officers on a hunt that extended through seven cemeteries and resulted in opening nine graves.

"It's not so funny, is it?" Police Lt. Paul Wheeler asked after Boyd had greeted his supposed victim with "Hello, Shirley."

Won't Discuss Hoax
He refused to discuss the hoax that followed his arrest in Van Buren, Ark.

Mrs. Fields was found in a Los Angeles cocktail bar by a police officer who recognized her from a circularized picture. She insisted she knew nothing about her supposed slaying and the lengthy hunt for her body, although newspapers have been carrying the story prominently.

She told police she accompanied Boyd from El Centro on a visit to Mexican night spots May 16 but said she rejected his proposal of marriage and went to Los Angeles next day by bus.

The district delegates voted yesterday approval of a proposed merger of four Lutheran bodies in the United States.

Here is 5,900-foot high Colorado Springs, Colo., chosen as the site of the nation's first Air Academy. This view of the sprawling town was taken from Cheyenne Mountain, one of the main peaks of the Rockies. Building in foreground on lake is the Broadmoor Hotel.

West Point Of The Air To Be Built Near Colorado Springs

WASHINGTON (AP)—The West Point of the Air, training school for the young men who will man America's air armadas of the future, will be built near Colorado Springs, Colo.

Secretary of the Air Force Talbott announced his selection of that site late yesterday, ending years of bidding by rival sites which originally numbered in the hundreds but had been narrowed down to three by a special selection board.

To Spend 136 Million

Thus the Rocky Mountain country of the West gets the Air Force's counterpart of the two old service academies, both situated on the Atlantic seaboard: The Army's West Point, N. Y., and the Navy's Annapolis, Md.

Some 15,000 acres of rolling country which curves up to the wooded foothills of the Rocky Mountain chain dominated by 14,099-foot Pikes Peak will be the locale of the Air Force Academy, on which Congress has authorized the expenditure of 136 million dollars. The eventual cost may be much higher.

The academy is not expected to be ready for use before mid-1957. A temporary home will be established at Denver. Talbott's announcement did not say precisely where, but presumably it will be at Lowry Field, a big Air Force installation.

FIRE COPS WHO IGNORED TEST

PHILADELPHIA (AP)—Civil Defense Co-ordinator Samuel H. Walker of Upper Darby Twp. said today that the township's 36-member auxiliary police force had been fired for failure to take part in an air raid alert test June 14.

The men refused to report for the drill, Walker said, because the township turned down their request for insurance to protect them against accidents while on duty.

The men have been ordered, in letters, to turn in their uniforms. Walker said the auxiliary group will not be replaced and its duties will be turned over to the regular police department.

Walker said the insurance would have cost \$5.62 a man.

"If it was given to the auxiliary police, all of the other civil defense workers probably would have wanted it. The cost would have been prohibitive," Walker asserted.

Surprise After-Death Defense Denies Hoffman Did Wrong As N.J. Employment Security Head

SURPRISE AFTER DEATH . . . NEWARK, N. J. (AP)—A surprise after-death defense put ex-Gov. Harold G. Hoffman on record today as denying he did wrong as New Jersey employment security director even though he had embezzled \$300,000 from his own bank.

"As far as I know, there has been nothing wrong in my state department," the late Republican governor said in a letter released last night by his daughter, Mrs. Ada Hoffman Leonard.

Point by point, he hacked away at some of the state's charges, with denials or ridicule, and depicted himself as a politically persecuted man.

Accuses Meyner
He accused Democratic Gov. Robert B. Meyner, who suspended him, of participating in a rental-purchasing arrangement for which Hoffman himself had been criticized.

Hoffman's defense came in a series of letters and documents he sent to Mrs. Leonard shortly before his death June 4. She made them public as she began an attack on Meyner and his administration.

"Dancing on the grave," she termed the continued fanfare about her father, who had admitted in

a letter embezzling \$300,000 from the South Amboy Trust Co. Since she disclosed the letter, Mrs. Leonard said, her father had been condemned "for every mistake committed by, and treason committed against, the state of New Jersey for the past 20 years."

Meyner, she exclaimed, was "dragging this out and condemning us in an attempt to climb to the vice presidency or something."

"The Democrats are trying to ride in a Democratic senator on a corpse."

Charges Broken Promise
She said the administration broke its word to treat the case "as decently and quietly as . . . humanly possible," and so she had come to a decision to make public the papers.

Meyner commented on Mrs. Leonard's news conference: "I have no desire to defame the memory of a dead man, but the public is entitled to the facts and will get them."

The 58-year-old Hoffman, governor from 1935 to 1938, was suspended March 18 and died before the state's charges were revealed. Meyner announced a 16-count report against him 10 days ago.

Answers Charges
Hoffman's documents answered many of the charges, which he presumably learned about because of conferences between Meyner and Harry Green, who was acting as Hoffman's attorney.

One count said Hoffman entered into leases of property and construction of buildings without submitting contracts to the State House Commission or the director of purchase and property.

"There is nothing wrong, to the best of my knowledge, with the rental-purchase agreements entered into by the state," wrote Hoffman. "I believe that it represents sound business."

Moreover, Hoffman's letter said, when Meyner was a state senator and a practicing lawyer, he represented a group of people who wanted to construct division local office buildings.

FIFTEEN YEARS AGOPhysicians In County Honor Dr.
T. C. Miller For Long Career: At
one of the largest gatherings in
many years of physicians from
Adams County and nearby towns,
the Adams County Medical Society
tendered Dr. Tempest C. Miller, of
Abbotstown, a testimonial dinner,
Wednesday evening at the Cross
Keys hotel.Doctor Miller, a member of the
Warner Hospital staff, former county
medical director and former presi-
dent of the county medical society,
has practiced medicine in Adams
County for 50 years. He was hono-
red as a representative of that
noble profession, "the country doc-
tor."With Dr. Henry Stewart, staff
secretary at the Warner Hospital,
serving as toastmaster, the assem-
blage heard glowing testimonial let-
ters read from the Rev. Fr. Mark E.
Stock, rector of St. Francis Xavier,
Catholic Church; the Gettysburg
National Bank and from Doctor
Miller's son, Dr. Morrell W. Miller,
associate professor of medicine at

Children's Hospital Causes \$100,000
Damage: One wing of a new
\$600,000 children's hospital was a
shambles today (June 23) after an
explosion which late Thursday
rocked the Mont Alto state tuber-
culosis sanatorium.No one was critically injured,
though members of a party conduct-
ing an inspection of the plumbing
narrowly escaped. The explosion
apparently was caused by a gas leak
in the kitchen. The building is one
of a number being erected at Mont
Alto as part of a \$4,000,000 project.
Badly needed it will replace the
wooden building now used to house
the children.Girl Rescues Boy, 8, From Marsh
Creek: George Miller, eight-year-
old son of Mr. and Mrs. George
Miller, Buford avenue, was rescued
Thursday afternoon at Marsh Creek

smith, daughter of former Burgess
and Mrs. Wilbur J. Stallsmith, East
Middle Street, after the boy had
tumbled into seven feet of water in
front of the Miller cottage.The lad clung to the edge of a
rowboat, with which he had playing,
until Miss Stallsmith dashed from
the cottage in response to cries for
help. The local girl, who is a good
swimmer, plunged into the water
and assisted the Miller boy, who is
unable to swim, into the boat.While running to the water's edge,
Miss Stallsmith cut a bad gash in
her right heel. Miss Rebecca
Swisher, Baltimore Street, member
of a swimming party with which
Miss Stallsmith was spending the
afternoon, treated the injury.Birth Announcement: The Rev.

Local Girl To Marry In Fall: The

Today's Talk

JUST BELIEVE AND BE GLAD

How little any of us realizes the
power of the mind and the human
will, and the effect they can have
upon our health and happiness. In
more than one sense are we the
architect of our fate. Has anyone
ever given to you an intelligent
reason for his, or her, worrying?Dr. Charles Mayo, of the fa-
mous Mayo brothers who run a
world-famous institution at Roch-
ester, Minn., for repairing the
human body, once wrote these
words: "Worry affects the cir-
culation, the heart, the glands, the
whole nervous system, and pro-
foundly affects the health. I have
never known a man who died from
overwork, but many who died from
doubt."People worry because they are
obsessed with doubts, and lack
that most potent life-giving ele-
ment—faith. Just believe and be
glad, and folks will wonder where
you get the health and happiness
that is so evident with you. We
were blessed with life that we
might win under some banner of
our choosing, not to whine about
the fact that we are here, and that
things look tough ahead.Our great structures are built
with steel and hard substances,
and by engineers who make a
specialty of "different founda-
tions." Just so with the human
frame. It must have tough ideas,
beliefs, and solid faith to give it
integrity, courage and lack of
fear. One of the hardest of sub-
stances is the diamond, yet when
polished it is the most beautiful.The lined and weather-beaten
face is evidence of the strong
qualities of character that have
been acquired over the years by
those given to hard labor. These
bodies of ours give a picture of
what we are, and reveal to others
just how much we think of such
a marvelous gift from God. A
good motto for any of us would be
always to believe—and be glad!Tomorrow Mr. Adams will talk
on the subject: "Glory In The
Fields."Protected, 1954, George Matthew

FISHERMAN'S LUCK
The fish unlucky has to be
If fortune is to smile on me,
Should it my tempting bait pass by
Then that day luckless be will I.A small one hooked, then back
'twill go
Longer to live and larger grow.
I'll spare it so that it may be
Some future angler's gift from me.He'll boast his luck and boast his
prize
And tell about its weight and size
And never know that fish he
caught
Because to throw it back, I
thought.

NEW DELHI (AP)—The Communist
Premier of 500 million Chinese and
the Prime Minister of Democratic
India's 350 millions opened a week-
end of talks in New Delhi today
which could change the history of
Asia.Prime Minister Nehru greeted
Red China's Chou En-lai with a
red carpet reception on his arrival
at the capital's Palam Airfield.
The Indian Communist party polit-
buro ordered "peace" demon-
strations throughout Chou's three-day
visit, but a Red-organized cheer-
ing section could arouse only feeble
enthusiasm from the airport crowd
of about 2,500 persons.

Challenge Seen

The meeting of Asia's two power-
ful government chiefs came as a
climax to months of East-West ten-
sion in which India, trying to play
a neutral role, appeared drawn
closer and closer to her powerful
Communist neighbor.Chou's dramatic flight from the
Geneva conference to meet Nehru
appeared a direct challenge to
draw world attention from the
Washington conference this week-
end of Prime Minister Churchill
and President Eisenhower.Advance announcements said Ko-
rea and Indochina would be the
main topics discussed here.Observers predicted Chou would
wage a strong campaign to pull
Nehru further from neutrality into
the "Asia for Asians" circle he
called for at Geneva.Ever serve eggs a la king for

TALK
BY VIVIAN BROWNRun up the white flag, men, and
throw in the towel, you have as
much chance with modern woman
as Sampson had with Delilah.
That's the report of an Oklahoma
City reporter, Gene Kinney.Even in the tender teens, the fe-
male of the species already has
an effective man-hunting reper-
toire.Take Fritzie Erwin, 17-year-old
high school beauty who let other
girls in on her secrets at a YMCA
panel on "How to Get Started in
Dating."When a guy catches your eye,
she advises, ask around until you
learn his name. Thus armed, the
next step is simple:"Every time you pass him in the
hall in school, speak to him and
call his name. Sooner or later he'll
begin to wonder who you are and
find out."Fritzie will vouch personally for
this method as a sure-fire man-
catcher.Another 17-year-old charmer,
Dora Ivy, advocates a less subtle
trick, if you can't arrange an in-
troduction through a sister or
brother. Bump into him.

"Seek Him Out"

"While he's picking up your
books or whatever you drop," she
explains, "he'll be apologizing all
over the place, thinking it was his
fault."And from gay Lee Edwards, 16
— pick him out, seek him out and
trace down his clubs and other ac-
tivities."If he's in the band," she tips,
"join it."

Big Little League Formed Name Officers; Tryouts To Be Held Monday And Tuesday

Officers were elected, tryouts scheduled and other business completed in the organization of a Big Little League to provide baseball for boys 13, 14 and 15 years of age, at a meeting held Thursday evening at the Elks Home.

Roy Hammond, local manager for Cities Service, was chosen as the president. Additional officers named were: Vice president, Robert Hartley, Elks; secretary, Glenn Harner, American Legion, and treasurer, Paul Cooley, Eagles.

In addition to the officers the following will be included on the board of directors: Paul Bream, Cities Service; G. Noel Flynn, Elks; Paul Anzengruber, American Legion, and Stanley Sprinkle, Eagles.

Boys residing within the area covered by the Gettysburg School System will be eligible to participate, regardless of where they attend school.

Pick Squads Tuesday

Tryouts for all age groups will be held Monday and Tuesday evenings at 6 o'clock at the baseball diamond at the Recreation Park. At the conclusion of the practice Tuesday evening, managers will meet and select their squads by "purchasing" players via the point system which is used by the Little League.

Team managers will be: Paul Bream, Cities Service; James Donaldson, Elks, and George Fair, American Legion. The Eagles will name their manager in the near future.

It was decided that for the present season the boys will use the regulation baseball diamond and will abide by regulation baseball rules.

Register Monday

All youngsters wishing to try out for the league are urged to attend the drills Monday and Tuesday evening. Glenn L. Bream, who has been largely instrumental in the formation of the league, will register the boys at the field Monday evening.

New equipment has been ordered for the teams and all players will be uniformed.

Although a league schedule has yet to be set up, it was tentatively decided to open on Tuesday evening, July 6. Definite announcement of the opening will be made next week. It is planned to play games each Tuesday and Thursday evening although the schedule may be altered later.

Need Umps, Scorers

Another appeal was made for persons who will serve as umpires or scorers. Anyone interested in aiding is requested to get in touch with any league official.

LANCASTER, Pa. (P) — Russell (Lena) Blackburne, 68-year old veteran scout for the Philadelphia Athletics, today took over management of the Lancaster Red Roses of the Class B Piedmont League.

The colorful Lena, a star major league infielder of the 20's and former manager of the Chicago White Sox, managed the Lancaster team once before, directing it to two straight playoffs in the old Interstate League in 1944 and 1945.

Bernard Guest, farm director of the Athletics, announced Blackburne's appointment after last night's game with Lynchburg. He succeeds Kemp Wicker, former pitcher for the New York Yankees.

The Red Roses are mired in the league cellar 12 games off the pace. Wicker will join the A's scouting staff.

Blackburne, who lives in Palmyra, N. J., has been around the baseball circuit several times. In recent years he has confined his activities to scouting for the A's.

Mrs. Capers Trying For Title 4th Time

PITTSBURGH (P) — Mrs. John Capers, a long-driving star from Philadelphia's Merion Golf Club, tried today to accomplish what she couldn't do in three previous attempts—win the state women's amateur golf title.

Mrs. Capers clashed with Mrs. Herman Worsham of Pittsburgh's Youngloughs Country Club in the 36-hole championship round at Oakmont Country Club. It marked the fourth time the Philadelphians have reached the finals.

Mrs. Worsham, the former Betty Knoeder of Pittsburgh's South Hills Club, advanced to the final round with a 5 and 3 victory over Mrs. J. A. (Ruth) Hayes of Philadelphia. Meanwhile, Mrs. Capers eliminated Maureen Riley of New Castle, 4 and 3.

Eastern League

By THE ASSOCIATED PRESS
The Wilkes-Barre Barons of the Eastern League today hailed their one-two punch of Duke Maas and Harry Durkin.

Maas became the league's first 10-game winner last night as he struck out 10 Redbirds in pitching the visiting Barons to a 3-0 triumph over Allentown. Second baseman Durkin smashed an inside-the-park home run with two men on base in the third inning.

Maas has been beaten three times. The victory kept the Barons one game behind the league-leading Elmira Pioneers, who tripped the host Schenectady Blue Jays, 5-0.

Third-place Reading entertained the Williamsport Grays in a doubleheader and split. The Grays took the opener, 4-1, before losing the second game, 4-2.

Albany invaded Binghamton and fell before the two-hit hurling of Ivan Abramowitz, 4-0.

Michigan Grid Attendance Drops

ANN ARBOR, Mich. (P) — Folks just aren't coming out to see the University of Michigan play football like they used to do.

The decline in attendance has been evident in recent years. Michigan's peak year was 1949 when 563,363 saw six home games. Last fall the figure dropped to 368,128.

Coach Bennie Oosterbaan is having his troubles, too. He has returning only two players who started last season's finale. They are halfback Tony Brannoff and quarterback Lou Baldacci.

Liddle Pushes Braves Into 4th Place As Dodgers Beat Redlegs; A's Cut Indian's Margin Again

AP SPORTS WRITER
The "dream" deal of the winter is proving nothing but a summer nightmare to the Milwaukee Braves.

By now the Braves' officials reach for the aspirin bottle automatically whenever they are forced to remember how much they gave for so little.

Johnny Antonelli, Don Liddle, Ebba St. Claire, Billy Klaus and cash were parceled off to the New York Giants for Bobby Thomson and Sam Calderone.

May Win For Giants
This was supposed to be the trade that could take the pennant away from Brooklyn. It may succeed—but for the Giants instead of Milwaukee as freely predicted.

It's difficult to believe now that many experts hailed this as an even swap. The experts, of course, didn't know Thomson was going to break his ankle in spring training.

But even with Thomson in shape it is questionable that the deal would have seemed as good on the diamond as it did on paper.

For the Giants Antonelli has won nine games. Liddle has won two. St. Claire is catching at Minneapolis where Klaus is playing second base and hitting over 300.

Sunk To Fourth Place
For Milwaukee, Thomson has been hurt since March 13. He will be out another month at least. Calderone lost the second string catcher's job to rookie Charlie White and has played just one full game and parts of nine others.

In 14 times at bat he has 5 hits for a .357 average.

Moreover Antonelli has beaten the Braves three times in three tries. Liddle pushed them into fourth place yesterday with a sparkling 4-hit 2-1 victory.

A's Beat Tribe Again
Liddle's masterful performance kept the Giants one game ahead of the Dodgers who beat Cincinnati 9-6. St. Louis trimmed Pittsburgh 5-1 and Philadelphia shaded Chicago 3-2 in 11 innings.

Cleveland saw its American League lead shrink to two games over the Chicago White Sox. The Indians lost to Philadelphia 5-1.

Third place New York moved within four games of the leaders with a 11-2 win at Detroit. Boston and Baltimore weren't scheduled.

Emmitsburg Wins 18-0 From Harney

Emmitsburg of the Pen-Mar Baseball League routed Harney of the South Penn circuit 18-0 Thursday evening in an exhibition game on the Harney diamond.

Both teams teams employed their full squads as both worked on plays to be utilized in Sunday's regular league games. Harney employed five pitchers while Emmitsburg used four.

FEAST OR FAMINE

NEW YORK (P) — Alvin Dark, shortstop and captain of the New York Giants, went from a feast to famine in the hitting department.

After getting five hits in five trips to the plate against the Cubs on May 14, Dark failed to hit safely his next 22 times at bat.

SQUASH ANYONE?

CHAPEL HILL, N.C. (P) — Some things just can't be compromised. For instance the Notre Dame team showed up with tennis racquets, the Wake Forest team with golf clubs.

Just one of those things. The what-you-may-call-it game was cancelled.

Favor Lulu Perez Over Basset Tonight

NEW YORK, June 25 (P)—The little men step into the Madison Square Garden spotlight tonight with classy Lulu Perez of Brooklyn rated a 1-3 choice over experienced Percy Basset of Philadelphia in a feather-weight elimination bout.

Starting at 10 p.m. the bout will be broadcast and telecast coast to coast. It will be the last of the Friday night radio-TV fights until the fall.

There have been several times when the shears of Atropos seemed hovering to snip the thread of this life. They come under the heading of thrilling adventures. In the jungle, a tiger, an elephant, a boa constrictor. In the desert, robbers, predatory Bedouins. In accident and illness.

Survival to the sunset trail with enthusiasm, joy of living, love of one's fellow humans and faith in the God-like evolution of man and his powers for mastery can be summed up in my belief that this life is very much the way one makes it by one's thinking and the will to think right. And to think right one must view this world as a passing show and identify one's self with the spirit, the Over Soul as Emerson puts it, where all things are possible and to persevere is to attain.

It is difficult to capsule one's philosophy, for faith is the substance of things unseen and does not lend itself to words.

Born in Sacramento, Calif., "more than sixty five years ago" Grace Thompson Seton has had a continuously active life which began as a newspaper woman in Paris, and included travel in Asia, Africa and South American and explorer in Indochina, lecturer and author. She is founder of the Girl Pioneers which became the Camp Fire Girls, was an organizer of the National Society of Women Geographers, received honors from British and French Governments for her war services, was president of the National League of American Pen Women, and vice president of the Connecticut Women's Suffrage Association. She was married to Ernest Thompson Seton, famous writer and illustrator of animal books, and her daughter, Anya, is now a well-known author. Mrs. Seton lives in Greenwich, Conn.

SECOND COUNTY TRIES MEDICAL AID PROGRAM

HARRISBURG (AP)—A second Pennsylvania county stood ready today to join Snyder County in an experimental medical aid payment plan whereby public assistance recipients receive extra monthly payments for health purposes.

F. W. Gunzburger, executive director for the Potter County board of assistance, said his county will inaugurate the plan Aug. 1 for a six-month period.

Meanwhile, Snyder County, pioneer in the experiment by paying one dollar a month extra to relief recipients for medical care, announced the program will be extended for a second year. The program was started last July 1. In other counties of the commonwealth, medical and dental payments are taken care of directly by the Public Assistance Department.

The Snyder-Potter county experiment is aimed at possibly reducing expenses and giving public assistance recipients more "independence."

"We believe the program is a step in the right direction," Gunzburger told a newsman. "Our policy is to let people handle their own affairs and make them more independent."

Gunzburger said that wherever the question of whether the plan is workable has arisen, it has been said some persons might not put aside their extra allowance for medical expenses.

"But that can be true of the grocer's bill also," he said. "We have found very few incidents where the grocer—or the rent or gas bill—has not been paid."

Instead of the \$1 per month paid by Snyder County to relief recipients, Potter will pay \$1.50 for persons over 16 years and \$1 for those younger. Persons chronically ill will receive \$7 extra per month compared to Snyder County's \$5 extra.

Luther Redcay, executive director of the Snyder County board, praised the program there as "an unqualified success." He said it was extended in order to permit other counties more time for study and consideration of similar plans.

Mrs. Eleanor Evans, secretary of public assistance at Harrisburg, held to the position that any county board is welcome to try and experiment aimed at bettering public assistance administration.

Lycoming County some time ago had contemplated the medical aid payment plan but set it aside for an indefinite period because of opposition from physicians and hospital officials.

Gunzburger said there is no organized opposition to the plan in Potter County.

"We have always had good cooperation from the medical profession," he said. "We expect it to continue."

Complete 82 State Projects In 6 Months

HARRISBURG (AP)—A total of 82 state construction projects were completed at a cost of \$15,824,477 during the six months ending May 31, the General State Authority reported.

The authority in its semi-annual report made public yesterday said another 126 projects now are under construction at a total cost to date of \$136,383,061.

The state's borrow-and-build agency said that in the five years since it was established by the 1949 General Assembly it has completed 357 projects at a total cost of \$112,490,782.

The semi-annual report was the first issued by Executive Director John N. Forker, who was named to the top GSA post last Jan. 1. Forker succeeded Oscar N. Lindahl who died in 1952. General Counsel Warren W. Holmes had served in the interim as acting executive director.

Game Management Agent Passes Away

HARRISBURG (AP)—Walter W. McNamara, game management agent of the U. S. Fish and Wildlife Service for Pennsylvania, died yesterday of cancer in Polyclinic Hospital after a nine month illness. He was 56.

A native of Vienna, Md., he is survived by his widow, three sons, Wallace and Donald, both of Annapolis; and Gilbert, Passadena, Md., and three grandchildren.

TRANSIT STRIKE WILL CONTINUE IN HARRISBURG

HARRISBURG (AP)—Representatives of the Harrisburg Railways Co. and its striking employees gathered around the conference table again today to seek an agreement on a wage dispute which has left the Capital City without transportation for nine weeks.

The two parties conducted joint negotiations for five hours yesterday with federal and state mediators sitting in.

The meeting was adjourned with both sides still "outside the area of agreement."

Reject Union Proposal
The company turned down a 20-cent hourly wage boost proposal made by union officials and at the joint meeting rejected a contract agreement similar to one in effect in Reading, effective retroactively to last Feb. 1.

That contract, said M. Herbert Syme, union counsel, "calls for an hourly rate of \$1.62 with certain overtime benefits."

The company had offered its drivers an eight-cent hourly raise from the present \$1.58 but this offer was rejected flatly by the union.

Syme told reporters at the close of yesterday's session, the third such joint meeting, "If there were any area of agreement in which we could clinch it tonight, I would have favored staying in session."

KILLS MOTHER OF 6, SUICIDES

MILTON, Pa. (AP)—A Milton couple, parents of six children, were dead today in what police described as a murder-suicide.

Dead were Bruce W. Reichelderfer, 47, and his wife, Lena Margaret, 46.

Dr. James Harris, Northumberland County coroner, said the man apparently shot the wife to death last night with a .22 caliber rifle and then killed himself with the same weapon.

The bodies were found in their home by Boyd Reichelderfer, 17, a son of the couple. Both were shot in the head.

State police said Boyd and a brother, William, 20, told them their parents had a number of disagreements lately.

Reichelderfer was unemployed, and according to police records, had recently served a term in the county prison on an assault and battery charge preferred by his wife.

None of the children was in the house when the shooting occurred.

Beside Boyd and William, the children include: Mrs. Margaret Baumer, Montandon, Northumberland County; Myra, 6; Martha, 9, and Bruce, 24.

Dr. Harris said there would be no inquest.

REFUGEES ARE COMING TO U.S.

By WARREN ROGERS JR.

WASHINGTON (AP)—President Eisenhower's refugee relief program is picking up speed after months of delay from security checks and red tape.

Slated to disembark at New York today was the 10-member family of Jan Koetsier and 24 other immigrants traveling aboard the steamship Zuider Kruis from Rotterdam, Holland.

Yesterday saw the arrival of the largest shipload so far since the program was officially launched last Aug. 7: The S. S. Conte Biancamano, with 201 men, women and children from Italy seeking homes in the New World.

Until then, only 48 refugees had entered this country under the program, which calls for admission of 214,000 persons over and above regulation immigration quotas for a three year-period ending Dec. 31, 1956.

The business session was conducted by Mrs. George Trump, president. A report was heard from Mrs. Edwin L. Harget, secretary. The birthday anniversaries of Mrs. Preston Clouser and Mrs. Earl Brungard were noted. Plans were made to hold an outdoor meeting on Thursday, July 29, at the home of Mrs. Raymond Reinaman, near town. The hostesses will be Mrs. Reinaman, Mrs. Edwin Harget, Mrs. Oliver

HICKS FACES PRISON TERM

LEWISBURG, Pa. (AP)—James Edward Hicks, 57, Baltimore and Chicago businessman, today is under three-year sentence to the federal penitentiary for violation of probation.

Federal Judge Frederick V. Folmer revoked the probation of Hicks, vice president of the Safety Vulcanizer Co., Chicago on the testimony of two postal inspectors who said yesterday Hicks was conducting illegal operations through the mails.

Suspended Sentence
Hicks was fined \$500 in November on a mail fraud charge and was given a suspended sentence, placed on five years probation and ordered to make restitution of \$7,500 he had secured through the mails.

Henry Mowles, U. S. probation officer, presented the two postal inspectors who testified to Hicks' illegal operations after the trial.

WEST OFFERS PLAN TO BAN ALL NUCLEAR WAR WEAPONS

LONDON (AP)—The Western powers announced Thursday they have proposed an immediate ban on use of nuclear weapons, except in defense against aggression, and a freeze on military manpower and arms expenditures. The Russians turned it down.

The new Western plan for step-by-step disarmament was disclosed following the windup of 20 fruitless meetings here of the United Nations subcommittee on disarmament. It called for gradual progress toward abolition of nuclear weapons with effective enforcement safeguards on both sides of

the Iron Curtain.

The Western powers again rejected Russian disarmament proposals which, they said, allowed for no adequate means of enforcement behind the Iron Curtain. U.S. delegate Morehead Patterson said: "We might summarize these Soviet proposals in six words: 'Ban the bomb, trust the Russians.'"

Had U. S. Support

The Western plan was advanced by Britain and France, with the support of the United States and Canada. These four nations, plus Russia, make up the subcommittee. These were the six points of the new Western plan:

1. An immediate ban on the use of nuclear weapons except in defense against aggression.
2. Freezing of the amount of manpower and money spent on all armaments.
3. International agreement on how far to reduce conventional armament.
4. Half of this agreed reduction to be effected immediately, followed by a ban on the production of nuclear weapons.
5. Then conventional arms to be cut down fully to the level agreed upon.
6. Existing stockpiles of atom bombs and other nuclear weapons then to be destroyed.

Western delegates to the conference said Soviet Ambassador Jacob Malik spurned their "phasing" plan because it did not start off with an immediate and unconditional

7 DAYS TO GO ON STEEL PARLEY

PITTSBURGH (AP)—Contract talks between U. S. Steel Corp. and the CIO United Steelworkers were in the behind-the-scenes stage Thursday as the wage agreement covering 600,000 employees of the basic steel industry went into its last seven days.

No time has been set for resumption of negotiations. The present contract between the union and the major steel producers expires at midnight next Wednesday. Although efforts are being made to win agreements with other companies, U. S. Steel, employing nearly 200,000 of the industry's workers, generally sets the contract pace.

David J. McDonald, union president has already termed "completely unsatisfactory" a big steel contract proposal. When he reported the offer to the union's powerful 170-member wage policy committee on Tuesday, they told him to "take such steps as are deemed necessary."

Traditionally the steelworkers operate on a "no contract-no work" basis. The union could call a strike as soon as the present agreement expires.

Urge Smoked Glass For Eclipse Viewing

SAN FRANCISCO (AP)—The American Medical Assn. House of Delegates today urged that persons watching the eclipse of the sun next Wednesday protect their eyes with pieces of heavily smoked glass.

The eclipse will be visible in the United States from Nebraska northeastward.

The AMA's section on ophthalmology said "colored glasses are neither protectors nor of value."

Previously exposed X-ray film was described as an alternative to smoked glass.

REP. SHORT SAYS U.S. TAXPAYERS WERE SWINDLED

WASHINGTON (AP)—The chairman of the House Armed Services Committee, Rep. Short (R-Mo.), said Thursday that American taxpayers have been swindled out of millions of dollars by servicemen fraudulently claiming benefits for parents.

Disclosing what he said were early findings in a broad Army investigation, Short told offenders "to take cover, because the full force of justice is coming their way."

Reports On Projects

The benefits under scrutiny, known as secondary allotments, are paid to parents of armed services enlisted personnel upon affidavit by servicemen and parent that the serviceman pays more than one-half of the parent's support. Part of the money comes from the serviceman's pay check and part from the federal treasury. The government's share ranges from \$51.30 to \$96.90 a month.

Short's statement went into the Congressional Record in what he called a report on "Project Big," an investigation first instituted 18

REJECTION OF TRADE PLAN TO DELAY IT TO '55

WASHINGTON (AP)—Chairman Millikin (R-Colo.) of the tariff-writing Senate Finance Committee and Sen. George (D-Ga.), its senior Democrat, agreed today that Senate rejection of a liberalized reciprocal trade agreements plan throws the whole controversial question of a broadened foreign trade policy over to the 1955 Congress.

The Senate yesterday rejected, 45-32, a Democratic move for a three-year extension of the Reciprocal Trade Act with new powers to cut tariffs 15 per cent. Then it passed a straight one-year extension of the old law, 71-3.

On the key vote, six Democrats including George joined with the 39 Republicans present to defeat the Democratic-sponsored substitute. The "aye" votes were all from Democrats.

Not A True Test

However, Millikin and George agreed in separate interviews today that the vote did not represent a true test on the recommendations of the Randall Commission on Foreign Economic Policy for some further reduction of tariff barriers.

President Eisenhower based his original foreign trade recommendations to Congress in March on the findings of the special commission headed by Clarence B. Randall, president of Inland Steel

months ago in Puerto Rico. As a result of what was found in the Puerto Rican cases, he said, the inquiry was broadened to cover claims in the entire United States.

Initial findings, Short said, "were both startling and disturbing" and indicated that about 30 per cent of secondary allotments involving Army personnel were improper or fraudulent.

Billy Graham Sent To Hospital; Very Ill

DUSSELDORF, Germany (AP)—American evangelist Billy Graham became seriously ill today and a German doctor ordered him to a hospital for a complete physical checkup, Graham's secretary said. "Billy woke up awfully sick this morning," the secretary, Jerry Beavan, told newsmen. "We called a doctor. The doctor looked him over and recommended he be sent to a hospital immediately for a complete checkup."

Beavan said he did not know what ailed Graham. The 35-year-old evangelist came to Germany Wednesday after a tour of Britain and Scandinavia.

Over 200 varieties of spring flowers bloom in the Blue Ridge and Great Smoky Mountains of North Carolina.

Co. Eisenhower called for the liberalized extension of reciprocal trade which the Democrats sponsored yesterday.

But later, in a letter made public in May, the President said he would go along with the one-year plan for the time being. This came after key House Republicans had balked on the broader proposal.

CATCHY CHURCH SIGNS

PHILADELPHIA (AP)—The Rev. Frank H. Heinz has a thought-provoking sign in front of his church in suburban Germantown: "Come in and have your faith lifted."

Surine Assigned To Investigate PIA

NEW YORK (AP)—Newspapers reported Thursday that Sen. Joseph R. McCarthy (R-Wis.) has assigned Donald Surine to a preliminary investigation of the Central Intelligence Agency, and they said Surine does not have federal security clearance.

Surine told a reporter in Washington a week ago that he had security clearance.

Asked about the story that he had been assigned by McCarthy to investigate the CIA, Surine said in Washington: "I don't know anything about it." He declined to be drawn into a discussion.

Washington dispatches to the New York Times and New York Herald Tribune attributed the assignment and reported lack of security clearance of Surine to informed sources.

ASKS GROUNDS FOR OPTIMISM ON INDOCHINA

GENEVA (AP)—Jean Chauvel, acting head of France's delegation at the Indochina conference, told his western colleagues in private meetings today why Premier Pierre Mendes-France felt optimistic about peace prospects after his meeting with Red China's Chou En-lai.

Chauvel, who returned from Paris last night, talked first to U. Alexis Johnson, acting head of the United States delegation. He also contacted the British delegation.

Mendes-France, pledged to bring peace to Indochina by July 29 or resign his post, said after his meeting with Chou in Bern that there was reason to hope for progress in the Geneva negotiations.

"Hopeful Aspects"
One Western source said today that there were "quite hopeful" aspects to yesterday's first meeting of French and Laotian officials with the Vietnamese here to discuss the withdrawal of "foreign troops" from that state.

The full nine-party conference, with top delegates all gone home, was to meet this afternoon for the first time since Tuesday.

They were scheduled to continue their discussions of the composition and authority of the proposed international armistice supervisory commission for Indochina.

JUDGMENT COMES TO ISRAEL

2 Kings 17:5-14; 18

Key Verse: The ways of the Lord are right, and the upright walk in them, but transgressors stumble in them. Hosea 14:9.

"Do not be deceived: God is not mocked, for whatever a man sows, that will he also reap" (Galatians 6:7). And this principle works for nations as well as for individuals. The history of the Kingdom of Israel tragically illustrates the truth of it.

With such patience as only the Lord could show, He guided, and cared for the people. He had chosen to represent Him among the nations. He rescued them from serfdom in Egypt; led them many years in the wilderness; gave them

he set up an altar in a temple in Samaria and in it a golden calf as an idol. The king may have thought that somehow the calf might help in worshipping the true God. But in due time Baalism with all its immoral practices spread throughout the entire kingdom. Worship of the golden calf became the state religion and all of the nineteen kings of Israel through the years observed it as such.

But the Lord God did not leave Himself without a witness while His "chosen people" were forgetting Him and what He had done for them during the time since Abraham was called as the first leader. Always God sent a counselor, a prophet, to exhort and warn His erring people. And whenever there was true repentance, there was quick forgiveness. We may be sure the same God watches over His own in every age.

Among the prophets God sent to Israel were Elijah, Amos and Hosea. Each in his own way endeavored to call back both king

and people to a worship of the true God and consequent righteous living. But so firmly was worship of the golden calf established in Israel that it was not eradicated until the fall of the kingdom itself. Not one of the kings of Israel made the attempt to root out worship of the golden calf and reinstate the worship of Jehovah.

Final judgment came to Israel in 722 B.C. The powerful king of Assyria completed the conquest of Samaria at that time, after a campaign of three years. The Israelites were carried away and scattered in various cities and other places in the country of the Medes. So ended a people who might have been a strong nation. But their constant neglect of worshipping the God Who loved them, and was always ready to forgive, finally brought upon them the punishment of captivity. The conclusion is that Israel's want of faith in God brought about a loss of righteous living. A rugged morality had been lost by their own disobedience to the will of the Lord. Therefore the catastrophe that came to the nation. It can happen to other nations for "God is not mocked."

EVERYONE WELCOME

When asked to prepare a statement concerning the proper use of time, a group of young people came up with these words: "Your time is God's time."

Grown-ups may well heed this truth.

One's time is really not one's own. Even though budgeted to include only such things as business, golf, gardening, travel or what not, it is still God's time.

And when we fail to include in our time budget a few hours for the Church and its constructive program, then the One from whom we get all the time we have is being ignored and we are losing priceless returns.

Time given to the Church and the enterprises for which it stands is an investment that pays dividends for all the other worthwhile things we have to do.

Try it. Take an interest in some Church—in the Bible—in an activity on the high level of service to others—and see how much more productive all of your time will be.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

PANTHER CREEK VALLEY FACING CRISIS; TO END LEHIGH MINING

LANSFORD, Pa. (P)—The once-booming Panther Creek Valley faces the greatest economic crisis of its history today following an announcement that the Lehigh Coal and Navigation Co. is suspending its anthracite operations.

Lehigh, third largest anthracite producer in the nation, is the principal source of employment for the some 40,000 residents of this Eastern Pennsylvania hard coal area.

Lehigh's board of managers decided yesterday at an emergency meeting in Philadelphia to liquidate its coal producing subsidiary—Lehigh Navigation Coal Co.—because a plan to step up production had met with opposition from some miners.

Years Of Losses

"This is the climax of years of heavy losses which we are no longer able to absorb," said Lehigh President C. M. Dodson in a statement announcing the shutdown.

Ironically, tomorrow the 5,000 employees of the subsidiary begin their annual 10-day vacation. Dodson said he hopes the company will be able to meet the \$400,000 vacation payroll.

But as of June 30, Dodson said the apparent end of Lehigh Navigation Coal Co.—known only as "the company"—to all residents of the valley—is but the latest of a long series of setbacks to the staggering anthracite region. The switch to oil and gas heaters in homes and the trend toward diesel locomotives has brought critical unemployment problems.

Not Complete Surprise

The apparent end of Lehigh Navigation Coal Co.—known only as "the company"—to all residents of the valley—is but the latest of a long series of setbacks to the staggering anthracite region. The switch to oil and gas heaters in homes and the trend toward diesel locomotives has brought critical unemployment problems.

Yesterday's announcement didn't come as a complete surprise. Lehigh suspended operations last May 3 when it said it wanted to re-evaluate the firm's "excessively heavy financial losses."

The company had offered to re-open the mines June 7 and scheduled work for some 3,500 valley miners on condition that the workers agree to a plan calling for more production per miner.

United Mine Workers chieftain John L. Lewis approved the back-to-work plan. Five UMW locals also agreed to the proposal but a sixth—the Tamaqua Colliery Local—rebelled. It threw up pickets around the mines on the back-to-work day and all miners, as they traditionally do, refused to cross the picket lines.

Even a trip to the region by Lewis himself failed to persuade the Tamaqua miners to call off their pickets.

Last night, some 200 members of the Tamaqua local heard Floyd Eveland, of the local's Mines Committee, tell them he believes the

SYMES OPPOSES "SUBSIDIZED COMPETITION"

PHILADELPHIA (P)—The new head of the world's largest railroad says rail systems cannot maintain their ability to meet wartime needs if much peacetime traffic is diverted to "subsidized competition."

President James M. Symes of the Pennsylvania Railroad called for "enforcement of the transportation policy of the Congress of the United States—and it is important that transport be re-examined quickly."

Symes spoke at a testimonial dinner here Wednesday honoring himself and Walter S. Franklin, Symes' predecessor as PRR head.

"We are not seeking rail subsidy in peacetime," Symes said. "In lieu of that we are asking for the opportunity to maintain our strength in both peace and wartime economy."

"Fair Treatment"

Symes said U.S. transportation policy—as outlined in congressional action in 1940—could be summarized as "fair treatment to all—and favors to none."

Earlier in the day PRR directors took no dividend action. That means stockholders will have to wait until the fourth quarter of 1954 at the earliest. PRR has yet to declare a dividend this year, presumably because of heavy operating losses in the early months. The railroad reported a deficit of

company "is bluffing. They have too much invested in the coal business to pull out at this time."

But the company said its order, while issued with regrets, was final.

Call Up Bill Upton In Shantz's Place

PHILADELPHIA, June 25 (P)—Righthander Bill Upton was on his way from Ottawa today to take the place of ailing Bobby Shantz on the mound staff of the Philadelphia Athletics.

The Athletics placed their sore arm southpaw on the disabled list yesterday after Dr. George Bennett of Johns Hopkins University said Shantz, pitching arm needs at least three more weeks of rest. And the physician indicated the American League's most valuable player of 1952 would be lucky if he ever pitches again.

Upton, who played with the Athletics only briefly this spring before being optioned out to Ottawa of the International League, probably will be used mostly in relief.

NEW MARBLES RECORD IS SET

ASBURY PARK, N.J. (P)—A 14-year-old Pennsylvanian has set a new national marbles tournament record going into today's semi-final round of the 30th annual event.

Young John Gaetano, of Throop, Pa., increased his total wins to 54 yesterday with only six losses in four days of qualifying play. Gaetano beat the 53-7 record set last year by Jerry Roy, of Huntingdon, W. Va.

The championship match follows \$7,391,124 for the first five months of the year.

The railroad also reported yesterday that its net income for May totaled only \$1,759,450, compared to \$4,605,971 for May, 1953. Gross revenues during the past month were \$72,847,207, compared with \$91,355,780 a year ago.

TRUCKERS LOSE COURT RULING TO RAILROADS

PHILADELPHIA (P)—Trucking interests sought today to determine what effect a new federal court ruling would have on their 250 million dollar suit against Eastern railroads.

U. S. District Judge Thomas J. Clary ruled Wednesday that efforts to influence legislation are not in themselves a basis for charges of violating the anti-trust laws. The action sustained a railroad claim.

The railroads, objecting to questioning about lobbying activities in pre-trial arguments here last Jan. 27, contended that the problem involves their rights of petition, assembly and free speech.

Counsel for the truckers said they would seek a clarification of the jurist's ruling as soon as possible "to prevent further delays in bringing the case to trial." The truckers' attorneys said the ruling in effect, "cut-short" pre-trial proceedings.

Judge Clary merely sustained the railroad position on lobbying and did not explain his action in the ruling.

The truckers charge the Eastern Railroad Presidents' Conference and some 20 individual railroads with conspiring, in violation of the anti-trust laws, to vilify and slander the trucking industry.

They contend this occurred specifically in the effort of the railroads to defeat a bill before the Pennsylvania Legislature in 1951 which would have increased truck weight limits in the state. Gov.

John S. Fine vetoed the bill after it passed the General Assembly.

Counsel for the Pennsylvania Motor Truck Assn. and a number of individual truckers who joined in the complex suit had contended

at hearings that it would be no burden on the railroads to answer questions about legislative activities.

PROMOTED IN KOREA

Richard E. Boyd, son of Mr. and Mrs. J. Arthur Boyd, 10 E. King St., who is serving with the air force in Kusan, Korea, for the past ten months, has notified his parents that he has been promoted to the rank of staff sergeant. He expects to leave Korea in July, after which he will be stationed in Maine.

When summer begins late in June, the sun appears to end a northward movement and remain in one place for several days before starting south; hence "summer solstice" from a Latin phrase meaning "when the sun stands still."

The fermentation that takes place in the brewing of wine and beer is the same process that takes place in making bread with yeast.

Eden Offers "Locarno Pact" For Dulles "Fighting Line"

By JAMES MARLOW

WASHINGTON (AP) — Sir Winston Churchill and Britain's Foreign Minister Eden, bearing an Alliance-Wonderland plan for saving Southeast Asia, today begin talks with President Eisenhower and Secretary of State Dulles.

There are no optimistic predictions here about the outcome of the conference. The plan, which Eden announced Wednesday in London, is of such a kind that it raises some legitimate questions:

Just how interested are the British in wanting to save Southeast Asia from communism? Is this Eden plan a joke, a smoke-screen, or a stalling tactic to cover up basic British unwillingness to defend Southeast Asia?

Vague Line
Now Dulles wants the United States, Britain, France, and the South Pacific nations to form a military alliance which will fight if the Communists go beyond a certain line. That line is still a vague thing.

At this point Eden comes into

the picture. Churchill's aides say Britain will go along with the kind of alliance Dulles has in mind if the United States agrees to go along with the kind Eden has in mind.

Eden suggests a "Locarno" type agreement. The Locarno Treaty of 1925 committed Britain, Germany, France, Belgium and Poland to go to the help of anyone of them who was attacked. It broke down when Hitler decided to attack.

Under Eden's plan the United States, Britain, France, Russia, China, India, Pakistan, Ceylon, Burma, and Indonesia would sign the new "Locarno" agreement. Then if anyone of them was attacked, all the others would go to its rescue.

This is a guarantee of nothing. Since the Communists attacked in Korea when it suited them, it is reasonable to assume they would break the new "Locarno" by attacking any or all of the other signers when it suited them and they thought they were strong

enough to get away with it.

But even that reasoning has a large element of the fairy tale. Neither Russia nor China would necessarily have to break the new "Locarno" by actually sending troops across a frontier.

They might conquer the other Southeast Asian nations, without open act of war, by using local Communists to start a revolution, just as happened in Indochina against the French.

But Britain, by wanting the "Locarno" agreement approved before it agrees on Dulles' plan, puts a stumbling block in the way of any plan at all to save Southeast Asia. This country probably would not sign the "Locarno."

Time is important in Southeast Asia. Even if the United States was willing to sign Eden's plan, the Communists could stall on signing, if it suited their purpose, until they had undermined Southeast Asia. Me a n w h i l e, they couldn't be stopped because Dulles' plan wouldn't have been approved yet.

WASHINGTON (AP)—Sens Edward Martin and James H. Duff, Pennsylvania Republicans, sided with the majority yesterday as the Senate voted down, 45-32, an amendment to substitute a liberalized three-year trade act for the administration's one-year extension bill.

HARD AT WORK—Catherine V. Fitton is half the plumbing firm of Wilson and Fitton at East Greenwich, R. I. Wilson, the other half, is a former Navy man.

Plan Show And Flight

At its business session, the local Junior Chamber discussed its second annual Antique Show scheduled for August 13-14-15. Chairman Donald Trone announced that this year's site will again be the Hotel Gettysburg Annex. Letters to area merchants seeking exhibitions have been distributed. Jaycees requested an answer to the queries by July 22.

Registrations forms for the "Flight to Gettysburg" have been sent to members of the Aircraft Owners and Pilots' Association and to all airports within a 300-mile radius of Gettysburg. The breakfast flight is scheduled for July 25, with the rain date August 1.

Cost for a breakfast at the Mummasburg Rd. airport and a tour of the battlefield will be \$5 for adults and \$2.50 for children under 12 years of age. Travel Council information folders were also distributed with the registration blanks. Jim Kunkle, chairman of the float committee, will meet with his group Saturday at 1 p.m. in the garage at the rear of the home of Donald Trone, 305 Hanover St., to assemble the Junior Chamber's entry in the July 1 parade here.

Jaycee guests at the outing were David Davidson, Willis Zimmer, Avon Cox and William Troxell.

POLICE RAID "HERB OFFICE"

LANCASTER, PA. (AP)—A Merion, Pa., man, who identified himself as a naturopathic doctor and a herbalist, is free on \$1,000 bail today on a charge of illegally practicing medicine.

County Detective Harry Meyers said John Robert Watson, 45, was arrested in a raid yesterday on an office Watson maintained in a large residence near the entrance to the Lancaster Country Club.

Only Sold Products
Meyers quoted Watson as saying he did not diagnose diseases but simply sold products, which he described as nutrition supplements. The officer said a large quantity of pills was confiscated.

Watson posted the bail pending a hearing on the charges of violating the Pennsylvania Medical Practice Act.

ABBOTTSTOWN — The local fire company responded to two minor fires this week. The first one was at the dump and the second one, Thursday afternoon, was at the western end of town where a tar-heating wagon caught fire while the men were working.

George Baker and Martin Diller visited in Philadelphia, recently. Mr. and Mrs. Elmer Butt and grandchildren, Donna and Barbara, spent several days recently in Haneyville.

The Luther League will hold a scrap paper drive Saturday afternoon.

Annon J. Smith is a patient in the Hanover Hospital.

Meyers said Watson told him he was a graduate of the American School of Naturopathy, that he attended St. Joseph's College in Philadelphia, and that he was the owner and operator of the Natural Herb Co.
